Do you have hazy jaded memories of Friday afternoon, 24 Feb 2017 in Ballarat, then chances are you were at the HIV Busso H3 Mens Luncheon. Yes this is the real thing happening once again, nothing compares and the tradition continues. Alas Foreskin and the HIV lads are overwrought and stressed from the previous events, well Foreskin is a little tired anyway, so the Boys from Busso are going it alone.

Where: We have a venue in mind and ongoing talks for best possible deal

When: Friday 2 May 2019 1130

How: Still working on that

Cost: Still working on that but trying to keep under 3 figures

What: Well the usual, run (sorta), single malt shots, beers, food (supplied at venue and an improvement on Subway), hostesses with no morals but pleasing manners, genuine hash merriment, did I mention beer, seclusion from the public, beer, lies, bullshit and general story telling. And maybe more, plus beer.
